Perhaps you could make your own sculpture of something that you like doing. or Look at some art work by the famous artist Picasso. He makes very unusual collages. Have a look at the example, could you make your own Picasso collage? or Paint or colour an underwater scene. If painting, maybe paint it in the morning and then let it dry before adding sea creatures, divers, mermaids etc. Remember the coral reef in Australia, maybe add some of that to make it colourful.</p>
