

Hi Everyone,

I hope you're not too disappointed to see an end to academic work for this school year! You've all done such a great job with your school work over these last few months that we think you deserve to enjoy some fun activities for the last two weeks of school. There will be no lessons on seesaw this week, but if you would like to send in pictures of your activities feel free to do so and I can share with the rest of the class.

Take care,
Ms Ní Bheacháin
