Tables: 11 times division tables revision

Bua na Cainte Pg 122(Measúnú: fill in the proper verbs in the gaps. Spraoi le Briathra: write the present and past tense of the two verbs modelled for you on the completed verbs.)

Dear Parent,

Again this week the work is in the same format so if possible try and print out the sheet above so the children have that as their guide. The following are some ideas for people who may want additional work for their children:

#### **Seesaw:**

Same plan as last week; I will be posting activities every morning. I will also be posting daily videos that tie in with the new work that the children will be doing in their textbooks. For those you participate in Religious education I will post an activity in relation to St. Brigid's day tomorrow. (Note activities and Irish videos with instructions in activity section, Maths and Literacy video tutorials in Journal section!)

#### **Reading/Literacy:**

I think each student should try to read for half an hour each day. If it helps out when picking books to read email me and I'll send on your child's current ZPD range from their Christmas test. You can enter it in the Ar bookfinder(link below) and it will give you suggestions for books appropriate to your child's reading level

- To access their AR login at :<https://ukhosted11.renlearn.co.uk/6657860/> (if anyone has forgotten their passwords I can forward them onto them)
- If anyone wants to check out how much points their book is/ZPD level they can do so at <https://www.arbookfind.co.uk/UserType.aspx?RedirectURL=%2fdefault.aspx>

#### **Gaeilge:**

The children again have their main body of work in their work plan for the week. As previously stated Edco Learning have also made their website free for the lockdown. You simply go their website and use edcotrial for both the username and password.. The following is some vocabulary which might help out with their work this week:

**Page 115:** An ndeachaigh tú?=Did you go? Chuaigh mé=I went

**Page 118:** Bratach=flag

**Page 120:** ag tafann=barking ag fiach=hunting

#### **CÚLA4 AR SCOIL**

I'm sure most people are watching schoolhub on RTE, another brilliant resource available for Irish is CÚLA4 on TG4. This coming fortnight CÚLA4 AR SCOIL will focus on the theme, 'An t-Earrach'(Spring). Múinteoir Orla will look at the flowers of Spring and she will go through the steps of how to plant a seed with us. She will also show us how to make a Saint Brigid's Cross.

Múinteoir Mícheál will look at the ancient Celtic festival Imbolg that used to be celebrated this time of year in the past and he will give us an insight to the life of The Celts in his history lesson. He will also show us how to draw a Celtic knot.

**It airs Monday to Thursday at 10am on TG4, and is repeated at 4pm. Catch up anytime on TG4.ie or Cula4.com and watch individual lessons on Cúla4's youtube channel.**

<https://www.youtube.com/playlist?list=PLbcLsUBW9b3B5DD8uXW0rJySgsqAeed1C>

<https://www.youtube.com/playlist?list=PLbcLsUBW9b3DVprPwU4hHT73VdmmY45b>

### **Maths:**

We will be looking at Length and Multiplication this week. Folens have made all their resources free, they have digital activities, eBooks, printouts and many more resources available to go along with their textbooks and some of their maths resources look really good. To access these resources register as a teacher and enter our school roll number which is 00796U. The link is below

- <https://www.folens.ie/>
- A new maths website I came across last week is ixl maths. It's a great website, in particular if your child struggles a bit with multiplication there's some really useful activities there. The link to access it is <https://ie.ixl.com/math/class-3>

**PE:** Donna Dunne will continue to do her two free exercise classes for children every day of this lockdown at 9am and 12pm. I would encourage everybody to continue with their 100 pucks everyday till we return to school, if you could send on any pictures that would be great. **I thought we could incorporate an extra skill into it this week and try to get as many clean catches (catches without dropping) as possible into it when doing their pucks. Maybe they could count the amount of consecutive clean catches they can make and let me know on Seesaw.** Joe Wicks is doing free classes on Youtube and I will upload some PE ideas on Thursday to Seesaw based on his classes from last week.

**Project Work:** I was delighted with the quality of projects sent in last week and as I said to the people involved they will be displayed when we return to school. I thought we might try another one this week based on 'Italy' from what we have been covering in our Geography books. There is such a variety of things that can be covered from its food to its history and should be an easy topic to find information on. Twinkl is free at the moment if you want your child to do some research: [www.twinkl.ie](http://www.twinkl.ie) **I am well aware of the time and effort that these projects take so this is obviously optional!**

Finally if there's anything anyone wants help with or is worried about feel free to email me at [pflood@stlachtainsns.ie](mailto:pflood@stlachtainsns.ie) and I will get back to you as soon as possible. It was great to see the quality of work sent in the past weeks and I hope everybody is coping okay and not feeling under any pressure with it all. Keep Safe.

Regards, Mr.Flood.
