

### Hurling Note

I just wanted to send out a brief note to all the boys who played hurling this year to thank them for all their efforts. To only get to play one game this year was very disappointing particularly for the 6<sup>th</sup> class who were playing school hurling for the last time. To Cian, Bobby, Tadhg and Cathal, thanks so much for all your efforts over the years. I still remember your first days out at training when you had hurls which were bigger than you were and it was hugely satisfying to see ye develop over the years!

Being 'The Small Class' as I often referred to ye as it wasn't always easy for you in a competitive sense but your interest never waned and after being allowed to be regraded this year I had high hopes of silverware. We started the season with a good win over Johnstown on an awful evening in Freshford but unfortunately the following day the school closed and that was that.

Lads stick with it, I'm sure ye are rearing to get back playing with the club and best of luck for the season ahead. All of you have great potential and if ye have the desire to match that potential then the sky's the limit! If ye do go on to play for Kilkenny in the future ye might remember your old teacher Mr.Flood when he's looking for a ticket at the end of August!!

Thanks again to everyone who came out this year and for those lads still in the school next year hopefully it will be a return to normality with matches to look forward to in the spring.

Regards and Thanks,

Mr.Flood.
