Upload photos and I will share with the class if you would like me to</b>				

### Notes:

- IF you can, please upload any activity for Seesaw as you complete it during the day. Try your hardest to have your work completed AND uploaded before 3pm each day. That's when school is over so try to be finished and have free time. I know this will not always be possible as you might have to share a device but try your best.
- **MOST IMPORTANTLY, if you have ANY problems, send me a message on Seesaw (or, if you're having a problem with Seesaw, send me an email) and I will get back to you A.S.A.P to try to help you as best I can.**

Remember, we are a team, and I am here to help.
